Eilles Loose Leaf Teas & Café du Monde Coffee

Black Tea

Black tea is crafted to reveal the strongest and deepest flavours. The British Afternoon Tea was developed to complement the rich, dark flavours of these leaves. These black teas have been traditionally hand-crafted in small batches with great care to preserve their wonderful subtleties of flavour.

Green Tea

Green tea has as many subtleties of flavour as the finest of wines. The best are both rare and exquisite. The minimum of processing allows the fresh, green flavour of the leaves to be maintained.

Jasmine Blossom
Green Sencha

White Tea

White tea is the least processed of all teas. Their young leaves and buds are all picked in spring and dried in the warm sunshine. They share very delicate flavours.

Silver Needle

Herbal Tea

Herbal tea is not strictly 'tea' because all tea comes from the leaves of *camellia sinensis*. They are infusions of the leaves and stems of different herbs. These herbal infusions contain no additives or flavourings and are naturally caffeine-free.

Continental Cafetière

A blend of beans from Eastern Brazil, Northern Colombia, Kenya and from South West India. To produce a dark, rich, all-day coffee with a wonderful aroma..
